You may not gather, bring onto the refuge, or use for blind building tree(s) or other plant parts, including dead wood on the ground, greater than 2 inches (5 cm) in diameter. We prohibit constructing hunting blinds from rocks placed for shoreline protection (rip rap). You may leave only seasonal blinds made entirely of natural vegetation and biodegradable twines on the refuge. We consider all such blinds public property and open to use by any person on a first-come-first-served basis. You may use manmade material for temporary blinds, with restrictions. You may not use lumber, pipe, posts, or timbers greater than 2 inches (5 cm) in diameter. At the end of each day's hunt, you must remove all manmade blind materials, including boat blinds. Any blinds containing manmade mate-

Where we allow camping, you must occupy claimed campsites each night.

We only allow campfires in conjunction with camping, day-use activities on beaches, or on the ice while ice fishing using only dead wood on the ground, or materials brought onto the refuge such as charcoal or firewood. You must remove any unused firewood brought onto the refuge upon departure due to threat of invasive insects.

16. We prohibit all vehicle use on or across refuge lands at any time except on designated routes of travel or on the ice over navigable waters accessed from boat landings. We prohibit parking beyond vehicle control barriers or on grass or other vegetation. You may not park or operate vehicles in a manner that obstructs or impedes any road, trail, fire lane, boat ramp, access gate, or other facility or in a manner that creates a safety hazard or endangers any person, property, or environmental feature. We may impound any vehicle left parked in violation at the owner's expense (see § 27.31 of this chapter).
